Available Training Opportunities
Please complete this form so we can have a complete inventory of the training opportunities and
assignments that are available through your agency. This document will be used to customize training
assignments for each participant and as a pre-screening tool to match appropriate candidates with the
right Host Agencies. Our local Project Director will rely on this information when he/she develops each
participant's individual work-training assignment. Please be sure to include all potential and existing
training options available through your agency, so we can better assist you in expanding your community
services and provide quality training to our program participants.
