MESSAGE FROM THE CEO

Dear Friend of VANTAGE Aging,

My mother was a self-proclaimed “people watcher.” As a writer, she often sat in public spaces and used her observations to create stories about people. Many times this resulted in someone sitting down next to her and starting a conversation, including one woman she met at Kent State who became a family friend. After my mom passed away due to breast cancer, I lost track of her until the VANTAGE Aging Job Fair last September. This old family friend was there as a job seeker and she recognized me right away. It was such a good feeling to be able to help her in her job search all these years later after a chance meeting with my mom and a simple conversation.

It really amazes me when I think about what a simple conversation can change. As a community, we have seen that come to life with the Akron Community Foundation’s On the Table event. Our clients participated and they were so engaged and empowered by the fact that their opinions mattered and could result in changes in our community.

Two years ago, conversations with regional Meals on Wheels program directors resulted in two mergers in order to better address the growing need for nutritional support of our older adult population. Mobile Meals merged with Family and Community Services and Meals on Wheels of Stark & Wayne Counties merged with VANTAGE earlier this year.

Simple conversations about what we can do together have resulted in improved economies of scale and stronger programs to support successful aging in place. We have collaborative relationships with a variety of other entities in our community, all of which started with a simple conversation. The Senior Independent Living Coalition (SILC) has sparked a lot of simple conversations which have resulted in a variety of collaborations like a beta project with Adult Protective Services and a community needs assessment led by Direction Home and funded through the Akron Community Foundation.

So, don’t ever underestimate how a simple conversation can influence the impact we make on our community. If you have an idea, give me a call and we can have a simple conversation over a cup of coffee (or in my case a Diet Coke). Let’s see what we can do together.

Respectfully,

Karen Hrdlicka
President & CEO

GIVE65 FUNDRAISING EVENT

Everyday, 10,000 people in the United States celebrate their 65th birthday. Many of these seniors across the country are in need of social service programs to enhance their quality of life. However, despite the increased need for support, only 2% of funding from the nation’s largest grant makers is specifically focused on seniors.

That’s why VANTAGE is partnering with GIVE65 to help local seniors. GIVE65, a program of the Home Instead Senior Care Foundation, is the nation’s first and only crowd-fundraising platform focused exclusively on helping nonprofit organizations raise funds for programs and services benefiting seniors.

Support VANTAGE’s mission by donating to our GIVE65 page (www.give65.org/homewellnesscampaign). Funds raised are directly used to provide services for seniors who want to stay in their homes.

GIVE65 is July 9 to 11, but you can preschedule your donation today! All donations are 100% tax deductible in the United States.

WORKFORCE SOLUTIONS

VANTAGE Workforce Solutions oversees the Senior Community Service Employment Program, or SCSEP, in 38 Ohio counties. Funded by the U.S. Department of Labor and the Ohio Department of Aging, SCSEP provides paid, on-the-job training to job seekers 55 and older. By resolving barriers to employment and partnering with employers, SCSEP encourages older adults to reach financial independence by filling gaps in today’s labor force.

MEETING COMMUNITY NEEDS

The Goal: United Way of Summit County created 4 Bold Goals to reach by 2025. Goal 3 was to financially empower 11,000 people. It is the result of the number of individuals who earn an income between 100-200% of the federal poverty level and are often just one misfortune away from financial ruin.

VANTAGE Workforce Solutions promotes financial empowerment by listening to the current needs of the workforce and providing individuals with access to the resources, skills, and opportunities they need to thrive.

WORKFORCE SPOTLIGHT

U.S.S.A., INC., ADULT DAY CENTER

The United Scioto Senior Activities Center in Portsmouth, Ohio is a SCSEP host site. It facilitates a variety of daytime activities for older adults, helping individuals remain in their own homes and avoid nursing home stays.

Because the Day Center serves a vulnerable population and has fewer resources, finding the right people for its team can be challenging. As a SCSEP host site, the Center can provide hands-on training to participants without the financial burden of hiring the wrong person.

“It is a win/win situation,” said Adult Day Coordinator Jamie Williams. “Onboarding SCSEP participants made the transition from training to employee easy.”

MEETING COMMUNITY NEEDS

- The Goal: The Summit County Community Health Improvement Plan’s goal is to reduce the incidence of elder abuse, neglect, self-neglect, and financial exploitation in our aging population.

- Adult Protective Services reports the largest portion of caseload relates to financial exploitation or self-neglect. In Medina County, 67% of referrals to APS were reports of senior self-neglect. A collaboration with our RSVP Telecare, Summit County Adult Protective Services, and VANTAGE Behavioral Health Solutions addresses social isolation, self-neglect, and financial exploitation.

- The Goal: CHIP’s Goal 4 for the aging population is to improve access to healthy foods.

- RSVP’s focus is healthy futures. The program provides outcome-based activities in nutrition and food support, companionship, opioid/drug intervention, and education and training.

WHAT WE CAN DO TOGETHER

Connect to grow skills for today’s workforce

- Partner with VANTAGE as a SCSEP Host Site.
- Become an On-the-Job-Experience training site.
- Volunteer to mentor a SCSEP participant during their journey to employment.
- Provide professional training at a quarterly meeting.

RSVP

VANTAGE RSVP helps to link volunteers age 55 and older with nonprofit agencies where their time, interest, talents, knowledge, and experience are most effectively utilized to meet important needs in Summit and Medina Counties.

BY THE NUMBERS

- 115 people volunteered in Summit and Medina Counties in 2018
- 13,473 hours of community service were provided to nonprofits
MEALS ON WHEELS

Meals on Wheels has been providing home-delivered meals and congregate dining in Summit County senior facilities for over twenty years. In addition, the program also facilitates the Senior Farmers’ Market Program in Summit, Stark, and Wayne Counties.

MEETING COMMUNITY NEEDS

The Goal: The Summit County Community Health Improvement Plan’s fourth goal for the aging population is to improve access to healthy foods.

One in 6 older Americans faces the threat of hunger, which is 7.6% of the population. The Center for Community Solutions reports that there has been a 20% increase in the number of seniors turning to emergency food networks, and 264,000 seniors in Ohio are eligible for, but not receiving, SNAP benefits.

VANTAGE’s Meals on Wheels program combats senior hunger and isolation by providing home-delivered and congregate meals, Ohio Senior Farmer’s Market Vouchers, and educational programming on senior SNAP benefits.

Home Wellness Solutions offers multiple options designed to help older adults and people living with disabilities live comfortably at home. We provide non-medical homecare and wellness support with activities associated with daily living.

MEETING COMMUNITY NEEDS

The Goal: To keep people in their homes, where they want to be. The Akron Community Foundation’s 2018 Summit County Older Adults Needs Assessment found that the desire to remain at home for as long as possible was constant among all older adult populations surveyed. Among all groups, 94-100% said it is very important or somewhat important to remain in their homes.

In 2018, VANTAGE Home Wellness Solutions provided over 3,000 hours of homemaker services (light housekeeping, errands, laundry, meal preparation) and over 9,000 hours of health aide services (bathing, dressing, grooming, toileting, eating assistance, and mobility).

MEALS ON WHEELS

SUMMIT COUNTY DEPARTMENT OF JOB AND FAMILY SERVICES

The Supplemental Nutrition Assistance Program (SNAP) is an underutilized resource available to many seniors in Summit County, with only 2 out of 5 eligible seniors currently enrolled in SNAP. In 2018, VANTAGE partnered with Summit County Executive Ilene Shapiro’s Department of Job and Family Services to increase SNAP awareness and enrollments.

From September 2018 through April 2020, the two organizations are hosting informational lunches across Summit County to teach older residents about SNAP benefits. Attendees hear from the experts at Job and Family Services about how to enroll, how to best utilize their benefits, and what other services are available.

The goal of this initiative is to break the stigma of SNAP benefits and ensure that the nutritional needs of seniors are met.

BY THE NUMBERS

- 3,824 Hours of homemaker services were provided to 38 clients.
- 9,802 Hours of home health aide services were provided to 28 clients.
- 1,747 Hours of deep cleaning provided.

- Volunteer to deliver meals in Stark or Wayne County.
- Adopt-a-Route in Stark or Wayne County for your employees or congregation to deliver meals.

BEHAVIORAL HEALTH SOLUTIONS

Behavioral Health Solutions provides quality mental health services and treatment for alcohol and other drug use disorders for people 50 and older in Summit County.

MEETING COMMUNITY NEEDS

Behavioral Health Solutions specializes in treating older adults with alcohol and other drug addictions, providing outpatient AOD treatment and mental health counseling.

The Goal: The Summit County Community Health Assessment has a goal to reduce fall-related emergency room visits among senior citizens. Since 2011, fall-related ER visits among seniors have increased by 11.5%.

Behavioral Health partners with Direction Home to operate the Matter of Balance Fall Prevention Program. The program teaches seniors how to prevent and manage falls while gaining confidence and balance.

BEHAVIORAL HEALTH SPOTLIGHT

SUMMIT COUNTY ADULT PROTECTIVE SERVICES

In 2018, Behavioral Health Solutions partnered with Summit County Executive Ilene Shapiro’s Adult Protective Services to create a wraparound service referral system that ensures older adults receive all of the assistance they need to remain healthy and independent.

VANTAGE’s liaison works directly with the Adult Protective Services staff and investigators to discuss cases and referrals. On the other hand, Adult Protective Services investigators discuss cases that may be appropriate for VANTAGE services.

The purpose of this coordination and follow-up is to secure appropriate and well-rounded services for the vulnerable clients involved in Adult Protective Services. The hope is to link clients with community resources and services to better their situations and highlight emotional and physical needs.

MESSAGE FROM THE CEO

Dear Friend of VANTAGE Aging,

My mother was a self-proclaimed “people watcher.” As a writer, she often sat in public spaces and used her observations to create stories about people. Many times this resulted in someone sitting down next to her and starting a conversation, including one woman she met at Kent State who became a family friend. After my mom passed away due to breast cancer, I lost track of her until the VANTAGE Aging Job Fair last September. This old family friend was there as a job seeker and she recognized me right away. It was such a good feeling to be able to help her in her job search all these years later after a chance meeting with my mom and a simple conversation.

It really amazes me when I think about what a simple conversation can change. As a community, we have seen that come to life with the Akron Community Foundation’s On the Table event. Our clients participated and they were so engaged and empowered by the fact that their opinions mattered and could result in changes in our community.

Two years ago, conversations with regional Meals on Wheels program directors resulted in two mergers in order to better address the growing need for nutritional support of our older adult population. Mobile Meals merged with Family and Community Services and Meals on Wheels of Stark & Wayne Counties merged with VANTAGE earlier this year.

Simple conversations about what we can do together have resulted in improved economies of scale and stronger programs to support successful aging in place. We have collaborative relationships with a variety of other entities in our community, all of which started with a simple conversation. The Senior Independent Living Coalition (SILC) has sparked a lot of simple conversations which have resulted in a variety of collaborations like a beta project with Adult Protective Services and a community needs assessment led by Direction Home and funded through the Akron Community Foundation.

So, don’t ever underestimate how a simple conversation can influence the impact we make on our community. If you have an idea, give me a call and we can have a simple conversation over a cup of coffee (or in my case a Diet Coke). Let’s see what we can do together.

Respectfully,

Karen Hrdlicka
President & CEO

GIVE65 FUNDRAISING EVENT

Everyday, 10,000 people in the United States celebrate their 65th birthday. Many of these seniors across the country are in need of social service programs to enhance their quality of life. However, despite the increased need for support, only 2% of funding from the nation’s largest grant makers is specifically focused on seniors.

That’s why VANTAGE is partnering with GIVE65 to help local seniors. GIVE65, a program of the Home Instead Senior Care Foundation, is the nation’s first and only crowd-fundraising platform focused exclusively on helping nonprofit organizations raise funds for programs and services benefiting seniors.
