Don't Miss Giving Tuesday!

Right after Black Friday and Cyber Monday comes Giving Tuesday, a day dedicated to giving back. This year, Giving Tuesday kicks off on December 1, 2020.

We are raising money for essential services that address the needs of our community's most vulnerable individuals. As you know, 2020 has been an extremely difficult year for everyone, but in particular, our seniors.

We greatly appreciate the support the community has shown us throughout the pandemic, but we can't stop now!

You can support seniors in your neighborhood on Giving Tuesday in so many ways! On December 1 or this holiday season, consider sharing information on social media (@VantageAging, #GivingTuesday), hosting a virtual fundraiser with your peers, or donating.

Thank you for helping seniors age with dignity and independence!

Meals On Wheels Loves Volunteers!

Meals On Wheels volunteers are the backbone to successfully getting nutritious meals to seniors who are often isolated, living alone, and fearful of going out to stores due to the threat of COVID-19. They have committed themselves to safely helping their elderly neighbors during these difficult times.

From all of us at Meals On Wheels NEO, thank you to all who volunteer!

We want to highlight just a few of the amazing individuals who deliver meals in Stark, Summit, and Wayne Counties. Here is what they have to say about their volunteer experience.

Just simply letting beards, mustaches, and even body hair grow with wild abandon – all while donating the money that they would have spent on grooming to cancer research.

VANTAGE Aging and the Ohio Department of Aging Aim to Shrink the Digital Divide Among Older Job Seekers

We've teamed up with the Ohio Department of Aging to bridge the digital divide in older job seekers. The partnership aims to address economic issues by growing digital access and skillsets for aging Ohioans who rely on sustainable employment.

The digital divide refers to the growing unequal access to and use of computers and internet services. It exists throughout Ohio, from the urban inner cities to rural outlying areas, and it presents more challenges than just internet availability alone.
